Gallagher & Richards were directed to take the necessary legal steps for the opening of the new street in the rear of the complained to the Board that Henry L. Campbell, the contractor for the carpenter work on the building, was delaying the mason work by his failure to obtain his material promptly. The trustees decided to serve a three days' notice on Mr. Campbell to the effect that if he was not in a position to fulfill the terms of his contract the trastees would be compelled to make other arrangements.

From Enlistment To Exemption. TWENTY TWO MEMBERS OF ESSEX II. & L.

CO; BECOME EXEMPT FIREMEN. On Monday evening Ex Foreman Frank G. Tower of Essex H. &. L. Co. No. 1 presented a communication to the Township Committee stating that twenty-two members of the Company had been in service over seven years and were by law entitled to certificates as exempt firemen. On motion of Chairman of the fire committee Halfpenny a resolution was various sanitary measures had been tried passed instructing the Township to obviate the stench, but without avail. Clerk and the chief Engineer to issue and sign exempt certificates to such firemen as now are entitled to them, and to give similar certificates in the future to firemen when their term of service expires.

Fasex H. & L. Co. No. I was organized June 2, 1883, and began their service when they received their truck, Aug. 10th of that year. Mr. Tower remarked that the ex perience gained by seven, years aer. Committee were of the opinion that a vice was valuable to the company and he was glad to state that of all the men entitled to resign, not one had as yet signified his intention of withdrawing from active service. BY THE TOWNSHIP OFFICIALS.

THE POOR BOURE. itteeman Van Gieson, who was tion into the management and view to determining whether the institutied should be continued or closed, pre-

souted his report on Monday night.

He stated that he had visited the Poor House and had made inquiry of the Poor Master as to the cost of keeping the poor the town. He favored keeping the House open. A reason for it was that it urnished a home for a widow woman and her family who would otherwise be dependent on the town for assistance. He also thought that by keeping the House open, the town effected a saving in the maintaining of paupers, who did not desire to be sent to the Poor House. Without and about the school buildings dur- paupers was three dollars per week. They could be maintained for two dollars per week at the House, and la preference to fronting the High school have been going there they accepted the latter sum graded. A furnice has been put in from the town. Mr. Van Gieson reported the Brookside primary school. The the Poor House in a slean and well order ed condition.

POLICE REOUTATIONS. The Police Committee reported that the members of the police force had been nie Hollister, of Ithaca, N. Y., at The Committee stated that the men had the High school, and Miss Ida M. been assigned to certain "bests" which Titus, of Hornellsville, New York, at they would be expected to patrol. The badges were reported assigned as follows: the Brookside primary school. The John Smith, No. 1, James Foster, No. 2, the district was referred to the teach. No. 4, Benjamin F. Baldwin, No. 5, er's committee with power. They Theodore Harvey, No. 6. The Police Committee stated that the badges had been given out in the order previously established by a former Committee, with the exception of Meesrs Baldwin and Harvey, who had no numbers.

A TOWN JAIL. A petition signed by 130 citizens asked the Committee to provide a temporary lock up for drunken and disorderly persons taken into custody by the police. rence Livey, of New York, was award. The petition stated that providing by at the contract for the steam heating some such place as saked for in the petiposition to maintain order in the town on ndays. The petition was also accom panied by specifications showing probable cost of such an institution and also a proposition from Joseph Peloubet, offer-Berkeley school grounds. The street ing to rent part of Spragg's pavilion for the will extend from Bloomfield avenue to and renting of a pixee was not entered in-Franklin street. Mr. Jones, the to in view of the fact that no decision to architect of the new Berkeley school, grant the petition had been agreed on.

THE STREET RAILWAY TURN OUT. On motion of Committeeman Gilbert, the clerk was directed to notify the Orange and Bloomfield Street Railway Company to remove the unused turn out the roadway of Glenwood avenue at the Delaware, Lackawanna & Western Railway Depot. Committeeman Cockefair said it ought to be taken out.

Committeeman Van Gleson said be had narrowly escaped being thrown out of his wagon twice by coming in contact with it.

Chairman Ward said that complaints about it were numerous, and he had it on his memorandum as saie of the things to which he wished to direct the attention

of the Committee. J. W. Brereton complained of the flithy condition of the gutter on the east side of Glenwood avenue and asked the Commitse to take some measures to have it cleaned out. Mr. Brereton stated that several physicians had pronounced the condition of the street as unbealthy Various sanitary measures had been tried

THE POUNTAIN AGAIN. Committeeman Gilbert urged that some thing be done with regard to starting the water at the fountain. He said that the importance of the fountain as a public watering place was not fully appreciated until the water had been shut off. Urgent requests were repeatedly made to the Road Committee to start it again. The Committee were of the opinion that a

The question of how the work was to be paid for, revived an issue that her been fought over in the Committee sev-eral times of late. Mr. Coekefair stoutly maintains that the Committee canno exceed the aprropriations in any line of espenditure. On this ground he opposed

the year, necessitating the expenditure of money and consequently are disposed to trust largely to the discretion of the Committee. He did not believe in applying the strict letter of the law to every action of the Committeemen, if this were the case the Committee would find its hands tied in more directions than one The question was referred to the Legal Committee who will get an opinion from the Town Counsel on the subject. venders with horse and wagon, whether residents or non-residents of the town. Mr. Cockefair opposed the descrimination against outside peddlers undemstreet, who happened in at this juncture, hearing the well known party phrases concluded that a hot political discussion was on, made a brief speech, deploris the introduction of politics into tow affairs. Section seven was stricken ou of the ordinance on the ground that it towns like East Orange from doing bus ness in Bloomfield, without taking out a licenses. The failure of the ordinance to state who was to collect the license fees, necessitated its being referred back t the Legal Committee. Opportunity was the House the weekly maintenance of given to effizens present to express their view on the subjet matter of the ordin-

ance. No one present outside the Committee had anything to say. SIDEWALK MATTERS. Committeeman Rayner of the Sidewalk Committee, reported the petitions of the Pre-byterian Church and Public School Trustees applications for five foot flag stone sidewalks without recommends tion. These petitions, which call for a sidewalk from Beach street to Belleville venue, conflict with a rule adpoted by the Sidewalk Committee in the early part of the year, limiting the town's share of the expense to 30 cts. per lineal foot. Mr. e adhered to in this case. The motion was not put to a vote, as Mr. Samue Peloubet who was present on behalf of the applicants, withdrew the applications and will replace them with applications for a four foot walk.

The Clerk was directed to write t William Hill in reference to the coping projecting above the sidewalk in front of the Bank building.

The Clerk was also directed to com nuntcate with the Essex County Road oard and obtain permission for the outting down of a crosewalk across

After some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the sympa. Headache thetic effects of the disease, banishes the headache, and refreshes the tired mind. "I have been troubled with dyspepsia. I had but little appetite, and what I did eat discressed me, or did me liftle good. In an hour burn after eating I would experience a faintness, or tired, all gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shirt up in a room with fresh paint. Last spring I took. Hood's Sarus. Stormach rilla—lock three bottles. It and me an appetite, and my food retished and satisfied the craving I had previously experienced." George A. Page, Watertown, Mass.
